

SDG1

1.3.3 Low - income student support

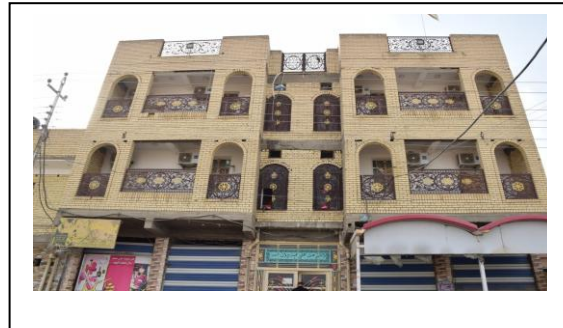

1- Minivan used for staff services

2- Shuttle used for student services

Shuttle service is partially provided by the university according to the college budget. For the students that stay in the university housing, the shuttle service is available and free. In other hand, the student that lives far of the colleges, the travel service is not free and provided by other parties. Sometimes the university contributes a part of the cost for students and staff.

1-An example of the Academic staff housing

2-An example of the Student housing site in UOS

3-minivan used for staff services

- 1-Offer students housing which already lead to limiting their private cars number which mean limiting the parking zone for students.**
- 2. Offer academic housing that lead to limiting their private cars which mean limiting the parking zone.**
- 3. Offering sharing cars for students and staff which decrease the parking areas.**
